(Incorporated in the Cayman Islands with limited liability)

Third Quarterly Report 2017

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

*This report, for which the directors of HM International Holdings Limited (the “**Company**” and the “**Directors**”, respectively) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company and its subsidiaries (collectively, the “**Group**”). The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

During the nine months ended 30 September 2017, the Group recorded a revenue of approximately HK\$115.2 million (2016: approximately HK\$120.4 million) which represents a decrease of approximately 4.3% as compared to the same period of last year. Such decrease was mainly attributable to the decrease in number of marketing collateral printing projects by approximately 12.3% as compared to the same period of last year.

However, we believe that the Group's ability to retain recurring clients demonstrates their recognitions of our quality service and we consider these recognitions as one of the key reasons leading us to the success amid the industry. For the nine months ended 30 September 2017 and 2016, approximately 66.8% and 67.9% of its clients respectively, were recurring clients who contributed to approximately 87.4% and 91.1% of the Group's total revenue for the respective period.

FUTURE PROSPECTS

In view of the challenging business environment and keen competition in the financial printing service industry market, our Group will continue to deploy more resources on talent recruitment and strengthen our business development and marketing strategy on financial printing projects and marketing collateral printing projects.

Our Group also believes that the increasing demand for quality marketing collateral printing and corporate gifts alongside with marketing and promotion activities presents a numerous amount of business opportunities to the Group. Our Group is well-positioned to capture the opportunities for market share expansion and enhancing market position among other competitions in Hong Kong.
